ⁱ MSEC, LLCs clearing firm, National Financial Services, charges an "Activity Assessment Fee" to offset transaction fees imposed on them by national securities exchanges and self-regulatory organizations. This applies to all Option transactions, and the sales of equities and exchange traded funds.

ⁱⁱ Transaction Fee Mutual Funds typically incur a commission or fee when purchasing or selling. MSEC does not pass this transaction fee onto its customers. However, Transaction Fee Mutual Funds may still incur a sales charge as outlined in the fund's prospectus.

ⁱⁱⁱ No Transaction Fee Mutual Funds do not incur a commission for the transaction but may incur a sales charge and may incur higher expense ratios than typical Transaction Fee Mutual Funds as outlined in the fund's prospectus. No Transaction Fee Mutual Funds may be assessed a short-term trading fee if held less than 60 days, with certain exceptions. The fee is 0.50% of the principal amount of the transaction. Maximum: \$200; Minimum \$30. This fee is in addition to any applicable transaction fee, short-term trading fee or fees detailed in the fund's prospectus.

^{iv} Load Fund Mutual Funds incur sales charges for the purchase or sale of fund shares as outlined in the fund's prospectus. Certain load funds may be offered as load-waived through provisions in their prospectus.
